DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Claims 67-83, 85-99 stand rejected under 35 U.S.C. 102(a/e) as being anticipated by Lloyd et al (U.S. 6,290,856).

Lloyd teaches a method of removing a film of deposited metal material utilizing the processing steps identical to those instantly claimed (col.3, lines 8-48; col.5, lines 36-67; col.6, lines 1-65; col.9, lines 17-36; col.10, lines 1-36). Therefore, all the limitations of the instant claims are met by Lloyd.

Response to Arguments

3. Applicant's arguments filed 11/28/2005 have been fully considered but they are not persuasive.

Applicants argue that the parent application 09/041,901, which is issued as U.S. 6,350,319, supports the claims as presented. This issue has been addressed in the previous communications and the Examiner maintains his position that the U.S. 6,350,319 fails to provide a method of removing a metal deposited on at least one side of a substrate including the steps of ... preventing dissolution of at least some of the material on said one side and the step of dissolving at least a portion of the metal deposited on the other side of the substrate without dissolving all of the metal on said

one side and therefore U.S. 6,350,319 cannot serve as a priority document for the claimed subject matter, and the U.S. 6,290,865 to Lloyd et al. can be applied as 102(e)/(a) reference.

4. Applicants previously stated that the 37 C.F.R. 1.131 Declaration "will be submitted shortly", however, at this point no Declaration has been filed.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
